

Welcome to Grange Nursery!

We are so excited to meet
you.

We have made a photo booklet to help you
with your transition into Nursery.

When you arrive at Nursery you will
come through these green gates and
wait on the blue spots on the floor.

A member of the Nursery team will greet you. Please place your bag on the blue trolley outside.

When you come into Nursery a grownup will show you your peg. This is where you will hang your coat.

You will also have your own tray. This is where you can keep your pictures and creations.

We will enjoy learning in the Nursery and outside in the garden.

When we sit on the carpet we sit on a coloured star.

The toilets are in the Nursery and you can go whenever you need to go. Make sure you always wash your hands.

At the end of your session, we will sit on the carpet and a Nursery adult will call your name when they can see your grownup outside.

We cannot wait to see you soon!
