

Rainbow Room Newsletter

Summer 1 - 2025

Welcome back! I hope you have all had a fantastic Easter break and are ready to get stuck into a busy Summer term.

This half term we will be learning all about the garden and what grows and lives in the garden. Through our hands on and sensory based curriculum, our key learning themes this half term will be driven by our 'I Wonder?!' question: 'Who lives in the garden?'

We will be exploring a range of stories linked to our topic as well as looking at non-fiction texts to help us learn about a range of different animals as well as how plants and flowers grow in the garden.

We will be growing our own tomato plants and describing the changes we can see, we will be growing and measuring our sunflowers and watching our grass head pets grow hair!!!

As the summer months are fast approaching and the weather improves, we would like to remind you to ensure your child has had sun cream applied in the mornings and comes to school with the correct clothing required for the weather. We love to play outside in all weathers so don't forget to include rain coats and wellies; we all know how changeable the UK weather can be!

Grow with us!

Please can we request a £3 per child to support our activities throughout the summer term.

Your donation will help us fund the resources needed to grow our tomatoes, sunflowers and grass heads.

Thank you :)

As always I am happy to meet with any parents who feel they will like to discuss their child's SEND.

To make an appointment please call the school office on

Staff Training Spotlight:

All teaching assistants at Grange took part in some training at the end of the spring term on delivering an intervention which is aimed at children who need to consolidate basic mathematic skills.

This intervention and the accompanying resources can be used with ALL children and comes with a fantastic 'grab and go' bag of equipment which I know TA's are keen to get using!

Thank you!!!

I would like to say a huge thank you to all of the parents/ carers who consented to their children being part of the Cambridge University Language Study.

All assessments were completed by the Grange team and reports will be disseminated to parents once we receive them.

As a thank you for taking part, Grange have been gifted the Language Link package (free of charge) which will hugely positively impact the support and progress of our future cohort.
